“He who will study the Bible with a humble and teachable spirit will find a sure guide, pointing out the way of life with unfailing accuracy. But what does your study of the Bible avail, brethren and sisters, unless you practice the truths it teaches? That Holy Book contains nothing that is nonessential, nothing is revealed that has not a bearing upon our actual lives. The deeper our love for Jesus, the more highly we shall regard that word as the voice of God directly to us.”
